

Social Media and Website Development

Saturday May 13th

2 Half Day Sessions

Session 1: 9am – 12pm

Social Media for Non Profits

Every day, more and more non-profits are discovering the value of being active on social media. Having a social media presence can be an excellent way to market your non-profit, and it's free! Attend this workshop to learn the basics of social media for non-profits (Facebook, Twitter, Instagram, LinkedIn, etc.) and how your organization or group can utilize these tools to better communicate with your members, other groups and the community at large.

Session 2: 1pm - 4pm

Website Development

Your website is your entrance into your organization or business! Learn how to create and maintain a website that will bring clients and customers to your door. We will explore creation, maintenance and ongoing review of a website and look at practical and low cost applications and licensing sites.

Location: Memorial Hall Lower Level 12 2nd Avenue SW. Carman, MB

Cost: **FREE** but pre-registration is required.

Light refreshments will be provided!

For more information and to register for one or both sessions please contact:
